

Safeguarding Policy

At Red Hot Gymnastics,, we believe everyone involved in gymnastics has a shared responsibility to create a safe, supportive, and positive environment for all participants. To achieve this, we have adopted the IGA Safeguarding and Protecting Children Policy and are committed to ensuring the welfare of all our members.

Welfare Officers and Safety Protocols

To further ensure safety, we have designated Welfare officers who have completed safeguarding and child protection training. This ensures a continuous and reliable system for handling concerns. Coaches are qualified to appropriate levels for the gymnasts they train and operate within the limits of their qualifications. They are responsible for maintaining a safe training environment to minimize the risk of injury.

Commitment to Safeguarding

We provide a comprehensive duty of care for our members by ensuring that all coaches and adults follow the guidelines set out in the IGA Safeguarding Policy, along with our club's supporting policies. Our coaches, have completed recognised coaching qualifications, safeguarding, child protection training, and have undergone DBS checks. Upon joining, all staff members receive an induction covering these policies and our expectations.
